## 2024-2025 Season

# U9 FULL ICE GAMES

## *Goal of the Program*

- To introduce our CVHA hockey players to the full ice game of hockey and prepare them for U10 hockey next year.
  - *Rules*
  - *Positioning*
  - *Line Changes*
- For every player to get exposed to every position, including goalie. Once players have played different positions they can settle into a position if that doesn't prevent others from playing positions.
- The same opportunity to contribute, regardless of skill and ability.

## TIPS

- When forming your line control, do not put your strongest players one after another. You want to even out your players as best as possible so that you don't for example have your weakest against their strongest or vice versa!

- Make sure on the bench you CALL OUT which players are next, and line up them accordingly. Players WILL 100% not pay attention and just go out whenever! You must pay attention every line change!!

- Always print out and bring extra copies of your line control sheets and fill them out only once everyone has shown up in case players are missing.

- You should ALWAYS have 3 copies... One for your Coach running the Forward door, one for your Coach running the Defense door, and one for you as Head Coach to oversee and jump in when necessary.

# Treatment of Game Officials

## *Referees, Timekeepers, Convenors*

As coaches, our role is to be role models for our players and set the example of how to treat officials with respect!

- **Please remember that our officials are also learning and will make mistakes, just like players and coaches!**
- **Some of our officials are just teenagers and learning to be a referee and timekeeper for the first time. Please be patient with them and remember you are the adult in this situation and to act accordingly!**
- **There is zero tolerance for any yelling or abuse towards a game official.**
- **Please review the next slide “MALTREATMENT RULES” and understand that there are severe penalties for players and coaches who verbally or physically abuse a game official, player or coach.**

# MALTREATMENT RULES

## *Hockey Canada Section 11*

- Challenging or disputing calls with the referee. **MINOR or MISCONDUCT or GM**
- Disrespectful language or gestures directed to the referee or any other individual. **MISCONDUCT**
- Obscene, profane or threateningly abusive language, gestures or actions towards any person. **GROSS MISCONDUCT**
- Discrimination based on race, religion/faith/beliefs, age, sex, marital or family status, genetic characteristics, disability, etc... **GROSS MISCONDUCT**
- Any threatening action, deliberate touching, holding, pushing, striking, etc... to any official. **Match Penalty**

*Hockey Canada is committed to contributing to the physical, psychological, social, and spiritual health of individuals of varying abilities, backgrounds, and interests. Hockey Canada firmly believes that only when sport environments are safe and inclusive can these values be realized. Maltreatment includes volitional acts that result in harm or the potential for physical or psychological harm. Maltreatment in all its forms is a serious issue that undermines the health, well-being performance and security of everyone associated with the game of hockey and is incompatible with the core values that lie at the heart of Canadian sport. Participants in Hockey Canada's programming should have the reasonable expectation that it will be in an environment that is accessible, inclusive and is free from all forms of Maltreatment.*

*Team officials shall always be responsible for their conduct and that of their players. They must endeavour to prevent disorderly conduct before, during or after the game, on or off the ice and any place in the rink. The Referee may assess penalties to any team officials for failure to do so and shall report the individual(s) by completing a Game Incident Report including full details and submitting the Report to the appropriate Member or League delegate.*

## Respect Towards Players, Coaches and Officials

This is intended to be an overview of the minimum calls that can be made, please read Section 11 in the Hockey Canada rule book for more details (linked above through the GTHL website) or searchable online.

## EQUAL ICE TIME

# U9 FULL ICE GAMES

## 3 GOAL RULE

### 3 GOAL RULE:

Each player will be allowed to score up to a maximum of 3 goals per game.

A player will be allowed to continue to score if at any point in the game their team is trailing, until a tie is achieved. That player cannot score to put the team ahead if they already have 3 goals.

For example:

**RED 5 BLUE 3**

- **Red player #99** has 3 goals in the game and so does Blue player #97
- **Red player #99** may not score again as they are winning.
- Blue player #97 may score 2 more goals to tie the game as they are losing but may not score to put them ahead.

# U9 FULL ICE GAMES

## PENALTIES

- Penalties are called, and the player sits for the remainder of the shift.
  - As a coach, your role is to educate the player as to what the penalty was and what they should or shouldn't do.
  - We want to stress that respect for referees is crucial.
- Please do not tell a player "Oh that wasn't a trip!" You need to educate them on self-control and responsibility and WHY that was a penalty. This is a learning experience for them, and they rely on you to explain it to them! Don't get upset with the player if they take a penalty but look at it as a teaching moment!
- Remember, referees may miss calls or not call something, that is no reason to ever yell at a referee. That may result in suspensions.
- The player will only sit for the remainder of their shift, and then come out of the box.

## EQUAL ICE TIME

# U9 FULL ICE GAMES

## SCORES

- The purpose of U9 full ice games is to develop players in understanding the rules, positioning and game play of full ice hockey for U10 and up.

**IT IS NOT TO FOCUS ON SCORES AND POINTS!**

- Please remember, we have not balanced the teams (as we do in U10 and up as they play full ice from the start of the season) and have formed them for the most part based on initial assessments at the beginning of the year. This means teams will not be equal!
- We do not post the scores of the games on the website but will be posting them on the scoreboard. We only post a spread of 5 goals.
- Please work with your team to work on passing and game play if you are winning by a large margin. If you have a player scoring all the time, work with them to pass and set up their teammates!
- Communicate with your parent group to be respectful of the other team if you are up by a lot of goals! Just like we teach our players not to celebrate goals if they are up by a lot, parents need to also be respectful. Cheering loudly when you scored the 10<sup>th</sup> goal in a 10-1 hockey game is not appropriate.
- Win or lose, this is your chance as coaches to educate your players on sportsmanship!

# EQUAL ICE TIME

# U9 FULL ICE GAMES

## COACHES ON THE ICE

- One coach only per team may go on the ice for the first few weeks of full ice games. Your Convenor will communicate when you are no longer allowed.
- The purpose is to help players line up at face-offs and position themselves on the ice.
- You should not get involved in the play and make sure to get out of the way. Let the players learn themselves for the most part, with some guidance from the coach!
- You can guide them on offsides by instructing them to come back out of the zone on delayed offsides as most players tend to just zone in on the puck and not hear the referee or others!
- Assist in ensuring they get off the ice quickly on the buzzer and your new line getting to the face-off quickly!
- The referees are the ones that control what happens on the ice. You are simply there to help your players and at no time should interfere with the refs. RESPECT all calls by the referees whether or not you agree with them!
- YOU MUST WEAR A HELMET ON THE ICE!!!!
